

## Facilitating Communication between our Partners and the CDC

Presented by:  
Nikki Kilpatrick, MPH, CHES  
Health Education Specialist  
Lead Poisoning Prevention Branch

---

---

---

---

---

---

---

### We want to know

- How can we communicate information more effectively to you?
- What information can we communicate to you?
- How can we facilitate communication between programs?

---

---

---

---

---

---

---

### Talking points....

- Future & next steps of lead website
- Surveillance profiles
- CDC listserv
- Contacts within the branch

---

---

---

---

---

---

---

## Future of the lead website

- Additional and current information
- Information that is useful to YOU.

---

---

---

---

---

---

---

## Work in progress...

- Calendar of events
- Adding resources
  - Links
  - Publications
  - Training & educational materials
  - 2000 Census data
  - GIS mapping capabilities
- Additional resources
  - Standard definitions
  - Lab reporting
  - Data collection systems
  - Data sharing
  - Data submission format

---

---

---

---

---

---

---

## Next Steps

- Adding program profiles
  - Includes surveillance profiles
- Updating links
  - State and local links
  - Federal
  - Nonprofit
  - Resources
- Updating publications

---

---

---

---

---

---

---

## Surveillance Profiles

- To collect information about the operation of your surveillance system including things such as action levels, reporting levels, Medicaid linking, etc.
- It is meant to provide a look across all CLPPPs to compare and contrast how work is being done. Can help connect CLPPPs that have similar characteristics.

---

---

---

---

---

---

---

## Surveillance Profiles

- Contact Information
- Laws/Regulations
- Reporting
- Patient Tracking and Surveillance
- Environmental Data
- Medicaid and Other Data Linking
- Surveillance Success and Challenges

---

---

---

---

---

---

---

## CDC Listserv

- To facilitate ongoing discussion of issues, problems, and questions between CLPPP programs.
- It is limited to issues concerning childhood lead poisoning surveillance.

---

---

---

---

---

---

---

## How to Subscribe....

- Send the following e-mail:  
To: listserv@listserv.cdc.gov  
Subject: (leave blank)  
Body of Message: subscribe lead-poison-surv
- <http://www.cdc.gov/nceh/lead>

---

---

---

---

---

---

---

## Who do I contact?

Contact Wendy for...

- CDC data release guidelines
- Electronic lab reporting
- Guidelines for lead surveillance system

Contact Jerry for...

- GIS

---

---

---

---

---

---

---

## Who do I contact

Contact Tim for...

- Data definitions and Standards
- High Intensity Targeted Screening (HITS)
- Medicaid linking

Contact Dave for...

- NHANES

---

---

---

---

---

---

---

## Who do I contact?

Contact Penn for...

- Use of surveillance data to guide, monitor, and evaluate programmatic activity
- Surveillance section of lead website
- CDC lead surveillance listserv

Contact Jaime for...

- Surveillance data submission

---

---

---

---

---

---

---

## Who do I contact?

Contact Lem for...

- NEDSS
- STELLAR support

---

---

---

---

---

---

---

## Let's Discuss..

- How can we communicate information more effectively to you?
- What information can we communicate to you?
- How can we facilitate communication between programs?

---

---

---

---

---

---

---
